[Introduction to Front End Development](#) | [Programming with JavaScript](#) | [Version Control](#) | [HTML & CSS In Depth](#) | [React Basics](#) | [Advanced React](#) | [Principles of UX/UI Design](#) | [Front End Developer Capstone](#) | [Coding Interview Preparation](#)

Professional Experience

Freelance React Developer

Self-employed, New York, NY

March 2023 –

present

- Certified through Meta's Front End Developer program (2023).
- Develops and implements interactive user interfaces using ReactJS, resulting in improved user experience and increased engagement for three published websites.
- Enable real-time data synchronization and enhance functionality within the websites using Firebase.
- Conducts thorough testing and debugging of React components to identify and fix any issues, ensuring high-quality and error-free code delivery.
- Teamwork oriented, often collaborating with clients using Figma and using Adobe's Creative Suite to create site assets.
- Demonstrates strong problem-solving skills, troubleshooting complex issues, and implementing effective solutions within tight deadlines, contributing to the successful delivery of projects.

Associate Technician

Dreamtek @ Meta, New York, NY

October 2021 -

present

- Originated the new role of Associate Technician in the Events A/V team; developed educational materials and SOPs in accordance with the company's best practices to align the New York market with global standards.
- Conducted pre-production meetings and collaborated with event hosts to create detailed schedules that accommodated their needs and staff availability.
- Served as Subject Matter Expert for Stages, Meta's live broadcast and meeting platform; hosted weekly training seminars and frequently followed up with attendees.
- Skillfully operated and maintained advanced broadcasting software such as vMix, Teradici PCoiP, and Ross Dashboard.

Development Intern & Audio Engineer

The Yard, Chilmack, MA

May 2021 - September

2021

- Collaboratively developed custom sound system designs, engineered, and mixed live sound for original choreographic works and summer residencies, frequently reviewed progress to align with each project's specific requirements.
- Recorded, produced, and composed music for a 15-episode podcast for VT-based choreographers Christal Brown and Lida Winfield.
- Authored successful grant applications and reports for the New England Foundation for the Arts and the National Performance Network, resulting in an Artist Engagement Fund for Raphael Xavier's residency.
- Coordinated and executed a mass-mailing campaign for 1,000+ recipients.

Studio Administrator

Redfeather Studios, Middletown, CT

January 2019 - May

2021

- Successfully trained new members on mixing and recording in a studio environment; collaboratively developed training documentation, regularly updated and edited material.
- Built a strong studio community by encouraging regular participation and advocating for the financial needs of the studio to university administration.
- Administrated weekly meetings and managed multiple staff and studio calendars; recorded detailed notes throughout each meeting and archived them in Google Drive.
- Provided technical support and guidance to members of the studio and staff.

Operations Manager

Wesleyan Sound Cooperative, Middletown, CT

December 2018 - May

2020

- Acted as liaison for successful collaborations between event hosts and employees.
- Expertly managed shift calendar, event planning, and a team of 30+ personnel.
- Personally trained and hired new employees.
- Drafted yearly operating budgets and delegated funds to new projects and maintenance of the co-op.
